

## CHAMBER FALL EVENT UPDATE 2020

August 5, 2020- As we prepare for the fall, the Chamber Board has made some decisions regarding our fall Events Schedule. After surveying our membership and taking a vote from our Board or Directors, we have decided to put all of our efforts and resources into innovatively holding a modified virtual Annual Meeting and member-focused Fall Auction. Resources are scarce across our business landscape so our efforts are being directed into exploring and researching ways to creatively fundraise and promote our businesses, keeping in mind the safety of our visitors, vendors, members and volunteers.

We have decided to officially cancel our annual Venison Feed and previously postponed Taste of Tomahawk event and will be bringing both events back in 2021. Those who purchased Taste tickets have two options. You may hold on to your ticket which will be honored for the event in March or you may refund your ticket by mailing us the original or returning the original to our office. Please attempt to return those tickets ASAP so we can handle accounting for next years event. Refunds will be issued in the form of a check.

In an effort to redirect our own financial recovery and that of our membership, we will be temporarily holding off on scheduling Quitting Times. We will not host a kick-off to Christmas as other organizations are planning similar events. We will continue to actively promote those and other members' events and encourage safety guidelines. We recognize that decisions being made by our members are difficult, and we support and respect those decisions. Our calendar is updated as we receive information almost daily. Visit us often at [www.gototomahawk.com](http://www.gototomahawk.com)

As we continue to navigate options that are best for our membership we thank everyone for their patience. Please be on the look-out for information regarding our Fall Auction, we will need as much support as you have to give. We look forward to building an even stronger community who works together to promote and encourage growth in the Tomahawk Region.

Mailing Address: Tomahawk Regional Chamber PO Box 412 Tomahawk, WI 54487
